# Power And Politics In California

## **Synopsis**

Now in its ninth edition, *Power and Politics in California* continues its tradition of asking Californians to take a hard and systematic look at their state governance, and engage themselves in a critical analysis of what is working, what is not, and what changes need to be made for the state to meet the increasingly formidable challenges it faces. The era of Arnold is now in its mid-stages, and the rise of this very different political personality has had significant impacts on the state. This ninth edition provides analysis of Governor Schwarzenegger in context and looks forward to how California's fiscal condition, educational system, and response to diversity will play a vital role in shaping the state's politics in the future.

I don't even understand how this book was published. After seeing the grammatical errors, and the misplaced and cut off charts. It is as if no one even checked how it looked before getting it published.

I needed this book quickly for a Political Science class I added at the last minute. Good quality, minor highlights, but got the job done. Came in just five days with ground shipping, very satisfied.

Great ! Came exactly as described in

Good book.
