Customer Reviews

Very detailed book about Shaker's use of herbs for medicinal purposes...including roses for "medicinal" rose water, and wine, "for medicinal" purposes only...Included are photo's of old and recent packaging and advertising for Shaker Herbs. I have just recieved it and just started reading, but a quick review looks like it is very complete!!

While this book also offers some great stories and Shaker wisdom, it also has a great reference in the back filled with herbs and what the Shakers used them for. While, of course, some of the herb info is outdated, it's still very nostalgic and interesting.

First half about shaker herbal medicine. second half about plants and medical properties.

Great book just as described. Thanks.
