SPICY LASAGNA MURDER is one of the most fun and thoroughly enjoyable cozy mysteries I have ever read. PATTI BENNING has a truly winning series with her DARLING DELI books. Containing fascinating characters with intriguing lives, perfect pacing/timing (not too fast yet certainly not slow at all), gripping plot twists and turns, and colorful settings, each new book in this awesome series keeps getting better and better...and that says much since the series began so winningly. In SPICY

LASAGNA MURDER, the crime/murders take place during a barn fire at a local corn maze. While rushing into the burning building in an attempt to save people's lives, Moira becomes injured and semi-incapacitated. Thus begins the unfolding of the primary murder plot. I love the corn maze setting because it's unique, colorful, and original. I also think the subplot where a very pregnant chocolate lab soon to give birth to six puppies is left outside Moira's deli under suspicious circumstances. Plus, in addition to series "regulars" (Moira, Dante, Daren, David, Candice, etc.), I really like new characters specific to this particular series installment, among them, area farmers, two of whom have been said to be fierce competitors and rivals and not the best of friends, thus further creating plot complications where the murders are concerned. And the more complicated the plots (and Moira's life) become, the more readers will want to continue reading to see how everything resolves itself in the end. And with that, Patti Benning again does not disappoint one bit. With her very effective use of red herrings, readers will keep on guessing "whodunit" right up to the end of the book, with the killer not being whom you might expect it to be.
