Blood Dahlia - A Thriller (Sarah King Mysteries Book 1)

Synopsis

A COPYCAT OF THE MOST FAMOUS MURDER IN HISTORY...A serial murderer nicknamed the Blood Dahlia has been terrorizing the quiet suburbs of Pennsylvania. Brutally mutilating his victims in the fashion of the most famous murder in Hollywood, the killer leaves no trace behind. The FBI's elite Behavioral Science Unit, the section responsible for the study and investigation of serial murder, has little evidence to go on. Believing the killer to be beyond their reach, the agents in the BSU decide they must simply wait for the killer to make a mistake | until they meet Sarah King. Sarah, a mysterious outcast of the Pennsylvania Amish community, claims she has a unique ability: she can speak to the dead. And the victims of the Blood Dahlia are calling out to her. When the FBI enlists her help, special agent Giovanni Adami is skeptical of her abilities, but begins falling for the young woman. His feelings for her are clouded with his distrust of psychic phenomena, but as the Blood Dahlia grows in his barbarism, he knows the FBI has little choice but to explore every avenue available. Whether or not Sarah can speak with the dead ultimately doesn't concern Giovanni. He is interested in results, and when Sarah begins providing some, he must question everything he knows about the world and his place in it. She is either the cleverest fraud he has ever met, or a true psychic with an unexplainable gift. But when the Blood Dahlia takes an interest in Sarah personally, it will take every ounce of strength she has to survive. And as she prepares for him to come for her, she realizes that not everyone is what they seem |

Customer Reviews

I could not put this book down ,took my kindle fire to over drive trying to get to the next step in this great story. Love the way the black dahlia was incorporated in the story made it seem so real. The action is on going and all I know is I hope Sarah joins the FBI and is in many more book is . Loved every minute and was tired when WE solved the crime .

Going back in time to copy The Black Dahlia murder was a brilliant idea, and Methos puts the past to good use through his psychic Hermione, Sarah King. It's a fast-growing book with believable characters, well-plotted, and well-written. And here is one more author who does not rely on spell-check as a proofreader, so he's won my heart.

I am an avid reader of horror, blood and gore thrillers and this one was great! I couldn't stop reading it until I was done. You are grabbed right from the start and need to find out what comes next which is what every author should strive for. I am looking forward to reading more books by this author and hope they are as entertaining.

Enjoyable read.I found this crime thriller a good free read and was surprised how quickly I managed to finish it, usually an indication of how much I am interested in it.The story starts off with a mysterious little girl who seems to be able to communicate with the dead and this quickly moves into the present where she is a grown woman struggling with her strange ability/curse.The story revolves around a serial killer and her part in tracking him and the gruesome trail he leaves.The pace was quick so you don't get a chance for boredom and the action changed tack a number of times to prevent it from being too predictable all in all I found it a really enjoyable read and will look for this author again.Watch out if you don't like them a bit gruesome though as the details of the murders were pretty horrific but not overly graphic so a good balance enough details to let your imagination fill in the rest, or not, whichever you prefer.Good FBI/serial killer story with a twist.

I haven't read a murder or detective story in a while so I thought I'd give it a try. Wow. This was like a train rushing down a mountainside on sleet covered tracks. What a ride. Some paranormal ability helped our heroine help the FBI solve the crime. Some twitchings of romance, some murder and a

little gore--but not too much. I could not put this book down. Stayed up until 3am reading it and took off early today to finish it. Very enjoyable. Don't miss out on this one.

Sarah had the 'gift' since she was a child. She helped stop a killer before, but when a copycat killer starts leaving bodies on the front steps of the FBIs boss' home, she gets involved again. Brilliantly written thriller with lots of action. There are a lot of shocking murders so beware that this isn't a light read and is for a mature audience. The characters are believable and the story evolves to a satisfactory ending.

This is the second book I've read from the same author and give a five star rate. The first was the neon lawyer and this Blood Dahlia. Simple language and well written. A excellent plot too. Keep up like this.

This book was well written. Thankfully, there was something good also woven into the horror. I don't like to read romances this might have been a bit much. I know there is evil, wow....it can be disturbing. I just wanted the monster to get caught..in real life can't always find them.
