Understanding The Qur'an: Themes And Style

Synopsis

The tenets of Islam cannot be grasped without a proper understanding of the Qur'an. In this important new introduction, Muhammad Haleem examines its recurrent themes -- life and eternity, marriage and divorce, peace and war, water and nourishment -- and for the first time sets these in the context of the Qur'an's linguistic style. Professor Haleem examines the background to the development of the surahs (chapters) and the ayahs (verses) and the construction of the Qur'an itself. He shows that popular conceptions of Islamic attitudes to women, marriage and divorce, war and society, differ radically from the true teachings of the Qur'an.

Customer Reviews

This was an interesting book. It discusses common themes which occur in the Qur'an such as Marriage and Divorce, Peace and War, and a brief history of the text. It makes a great companion to Haleem's translation of the Qur'an. This book is a must for those who are new to Islam.

Fantastic text for Muslims and nonMuslims alike.
