Adventures In Sex Magick: Control Your Life With The Power Of Lust

Synopsis

This book lays bare a fast, thrilling method for getting the results you deserve. Whatever you lust for can be yours. Sex magick works whether you are single or in a relationship. Adventures In Sex Magick offers you a no-nonsense approach to make your vision a reality. This is not a book about sexual technique or seduction. It's about attracting money, power, love and success. Please only proceed with this book if you have an extremely open mind when it comes to magick and to sexual practice. Most sex magick methods compel you to learn obscure breathing techniques, and train yourself in sexual denial, but this book is smoldering with the pleasures of the flesh. Damon Brand reveals an approach to magick that can work for you the very first time. You will discover: How to achieve several magickal goals at once. A secret sigil that gives access to angelic sexual power. The unique secret of The Major Process. The deep power of sigil magick. If you enjoy sex, and have an open mind, take the first step to a more rewarding life.

Customer Reviews

I tried the ritual, they pretty god damn fun and very powerful and can play as a very motivating factor to attain your goals that you have set. The author also compels the reader to break huge goals into small workable chunks and for that information alone my friends this book is worth the price tag. The

other rituals are icing on this cake and adds so much more to any other workings you do.

THE 101 on effective Sex MagickI enjoyed reading Adventures in Sex Magick. Using lust and sex in magick is certainly not new, but Damon brings it to us beginners in a very accesible way. Step by step you are shown the process, and later variations (working with a partner, working with groups) to achieve your objective(s). His style is easygoing and relaxed, without losing sight of the material he is teaching. Definately recommended if you are into practical goal-driven magick!

What an interesting book this is. If u r interested in moving further with your magick than this book will help. Or if you are wondering what is a different approach ,That Works, then Damon Brand's books are the answer.

Great for those who never heard of such things and interested in trying. The author always is coat cut and to the point. I would've given it 5 stars but it can't compare to his other books. Please please hurry with the second volume of works of power.

The subtitle, "Control Your Life With The Power of Lust" is a bit daunting. But the information inside is written in such a way that it adds to any magickal working. No crazy long rituals. Just what you need. The rest is up to you. If magick and the occult is your thing, stop being an armchair magician and try one of the techniques listed in Mr. Brand's books. You won't be disappointed and might even learn something new.

I had so much fun reading this book! You have to be open minded to receive the gifts that this book has to offer though. If you are judgmental or close minded, this book probably isn't for you. But if you are wanting to take your magick to the next level or feel like being adventurous, you should really check this book out. For those who are new like me, you can get started right away. And for those who are experienced, you definitely won't be bored. What I really like is that through Damon's simple steps, we harness our sexual power within, which is unlimited and right at our fingertips (pun intended). You don't have to worry about putting in years of study or going on a scavenger hunt for hard-to-find supplies. Just read and go! Plus, have fun while doing it. ;-) I will update at a later time to post results.

A solid book with helpful tips. Simplifies the concept of sex magic.

Finally. A book that clears the obfuscation around sex magic and hence magic in general. Stripped of the often needless ritual and elaboration, this is how to start from scratch, on your own, with a partner or necessary others. The instructions are clear, easy to follow and practical. The author is "in there" and variously tongue in cheek (or somewhere else). Love it.
