ISBN-13: 978-0826107060

Product Dimensions: 7 x 0.4 x 10 inches

Shipping Weight: 11.2 ounces (View shipping rates and policies)

Average Customer Review: 4.5 out of 5 stars [See all reviews](#) (42 customer reviews)

Best Sellers Rank: #214,676 in Books (See Top 100 in Books) #24 in [Books > Textbooks > Medicine & Health Sciences > Medicine > Clinical > Nursing Home Care](#) #36 in [Books > Medical Books > Nursing > Nursing Home Care](#) #73 in [Books > Medical Books > Administration & Medicine Economics > Health Care Administration](#)

## Customer Reviews

I found this book very helpful in preparing for the state and federal licensing exams for long-term care administrators. The book is full of questions similar in style and substance to what appears on the actual exams. Someone advised me to prep for the exams by reviewing as many exam-style questions as I could - to get a feel for how the questions tended to be worded and what they focused on. That was good advice and this book provided several hundred sample questions. I've read some reviews that tut-tut James Allen's books as being "old school," but - hey - he was a driving force in the original group that wrote the exam questions. In school, it was usually wise to "take the instructor who wrote the book". Well, Allen is the instructor who wrote the test - so prepping for the test using his materials seems a no-brainer to me.

I have had this book now for about 5 months and am in my 6th of 9th month of my AIT. After reading through and using it as a study guide for my AIT program, as well as my test, I am realizing that James Allen's books are worth their weight in gold.

An absolute necessity for studying to take the Federal exam. All examples are from previous tests and cover general and specific situations and questions pertaining to running a safe and successful

nursing, convalescent, or rehab center. While not specific for any state examination, it still is a wealth of questions and answers for the license candidate. I highly recommend it!

I PURCHASED THIS BOOK ALONG WITH TWO OTHER BOOKS OF ALLEN. I TOOK THE NAB AND PASSED THE NAB THE FIRST TIME AROUND.....=:)

Good compilation of questions, but not complete, you will need to buy exam review guides from other sources as well to study for the test. This is a companion book of questions for James Allen's Nursing Home Administration Book. It does not have explanations for the majority of the questions' answers, but does reference the book page number. Some questions are written poorly and the answer is not evident from the reading material, explanations would be helpful. The test has similar styled questions, so this book was useful in getting accustomed to the format of the questions and narrowing down appropriate choices. Although this book was helpful, I suggest that you do not rely on this book alone if you would like to pass the test the first time.

I passed the first time using this book. Worked through the practice test until I scored 85-95. scored a 90 on the test. One of the best I have used for license prep.

I am a nurse who was interested in what the knowledge factor was for a nursing home administrator. It was very informative. I challenge any nursing home nurse to take the exam. It was an enhancement to what I knew! Written so that lay persons can understand, it is a 'fun' exam to take and a good text to just read the information 'around' the test. Mahala, RN, MSN

I passed the test. It was an important tool in order for me to pass this test. I appreciate the price that is lower than other sites.
