Alien Romance: Stranded With The Alien Assassin: Scifi Alien Abduction Romance (Alien Romance, Alien Invasion Romance, BBW) (Celestial Mates Book 3)

Synopsis

In a shocking turn of events, Jayne Mannet ends up stranded with an alien assassin, causing a conflict between her heart and her head. In Imdali, it has always been about what the eye doesn't see. To a fast-talking girl from New York, it was never a place Jayne Mannet should have been. Being kidnapped and sold to the highest bidder, Jayne must find a way to escape and make her way back home, all the while trying not to lose her humanity in the process. But that becomes difficult when one of them responsible for her kidnapping, a mysterious, secretive alien named Dâ Anil Tropa, becomes closer and closer to her in ways that Jayne could have never expected, causing a conflict between her heart and her head. Adults Only!

Customer Reviews

This has a cold assassin as the hero. He is not a good guy. He is saturated in apathy. The heroine is abducted and sold as a slave. I like her a great deal. The world is pretty well drawn but I never settled into this book. I never really bought the shift in the hero. There was a lot of action but I needed more romance for this book to work for me.

I'm at 30% of the book and I'm pissed. These woman are kidnapped, raped, and sold at auction and somehow the writing doesn't make it seem like a horrible situation. How does none of the reviews not note this? I get the impression that the heroine will "save" everyone but this is a very sensitive subject to write about and it's written almost flipantly. The heroine is too damn optimistic and just taking it all in stride like it's a Sunday stroll. I'm going to keep reading to see if it gets better but right I'm upset with how insensitive this subject is being written. Also, I can't tell if this written from each character view or third party. Every once in a while instead of saying the h name, it says the brown haired man? I read the other books and it almost feel like someone else wrote this one. The writting style seems different to me. Ends at 72% and for me it didn't get better.

Stranded With The Alien Assassin is a scifi alien abduction romance story about Jayne Mannet from New York, who is kidnapped from her life and from earth and sold to the highest bidder her situation becomes really desperate. As you'd expect in a scifi alien abduction romance a handsome but dangerous male steps into her new life and stirs up her feelings. Stranded With The Alien Assassin by Marla Therron in my opinion is a very good book, as the story is well developed and has some unexpected turns. In addition this book is better edited than most books from this genre and so it is pleasant, easy and entertaining to read and really recommended to all fans of this genre.

At one point the heroine says that she's lived with the hero for a month and doesn't know him. Well, you can read the whole book and not get a good feel for his character. The heroine isn't too much better. The whole thing was fairly predictable, with a plodding pace and very little hope.

Pretty good scifi alien story with assassin alien guarding, buying and eventually rescuing the Earth lady. Could have been a little more believable in the plot and action. I struggled with this story, although I did like the alien character - even with all his faults. The Earthling, Jayne, was more talk than action.

This book is pleasantly surprising with all kinds of twist and turns and of course some hot steamy sex with the hot alien named D'Anil a bad boy type person/alien very sexy and handsome, Jayne was a very intelligent woman on earth but somehow she found herself caught and abducted and sold at auction to the highest bidder. She wasn't just another beautiful woman she was much more than that and no one knew what she was till the end. I have received this book for my honest thoughts. Great story line easy to read and follow the story! Marla Therron has done a terrific job of

writing this book i highly recommend this great book to all avid readers alike.

Seriously, he murders innocent people for money, and she just lets it go- cuz, you know, he's so good in bed. I stopped reading about half way when she finds out how bad he really is and states she does not care. (Spoiler) And she's a cop! An insult to cops in general, and female cops in particular.

This is another exercise in a story where I loved the heroine and I found her romantic interest...alright. He has flaws, the first of them is the fact that he is an assassin. If killing people for money isn't something that bothers you, perhaps you will like this character more than I did. I did, however, enjoy HER, she's a cop, and she's spunky and amusing, and goes through a few changes in her views during the course of this story. I love characters that aren't stagnant. It's refreshing. I think my only issue with her is that she kinda takes his assassinations in stride. Like, as a cop shouldn't you have issues with that? Maybe, I dunno. Overall it was a fun story. I'd recommend it for an afternoon read.
