Fundamental Concepts And Skills For Nursing, 4e

Synopsis

Part of the popular LPN Threads series, this market-leading text features an easy-to-follow writing style and organization to teach you the concepts and skills you need to know to practice nursing in a variety of care settings. This new edition offers in-depth discussion of QSEN competencies, rationales for the NCLEX-PN review questions, and new icons to point out the most current evidence-based information. Standard LPN Threads features include helpful characteristics such as full-color design, key terms, numbered objectives, key points, critical thinking questions, critical thinking activities, glossary, and references. Easy-to-follow reading level and text organization presents information from simple to most complex. Think Critically boxes help you synthesize information and apply concepts beyond the scope of the chapter. Cultural Considerations related to biocultural variations as well as health promotion for specific ethnic groups demonstrate how to provide culturally competent care. Elder Care Points highlight changes that occur with aging and how they affect nursing care. Home Care boxes highlight the necessary adaptations of nursing skills and techniques for the patient in the home care setting.

Customer Reviews

Rental arrived with a bit of water damage to the top of the book. Other than that, book is intact and in great condition. This book was required for one of my Psych Tech courses. It is well written and flows, which makes it very easy to read. The review at the end of each chapter is helpful but the study guide is strongly recommended to reinforce the reading.

This book is very well written. It is easy to understand and contains all the information needed without overwhelming the reader. This book was required for my class but I feel like it will be one that I refer to over and over again.

Great price and everything I need for school!! ^,, ^,, the book describe info so much better than the other books

just started using this book, but it seems very detailed and easy to follow. hope I graduate from having to use it

i bought the book brand new and I don't have any access code for evolve

The entire book is black and white. It looks like a book of copies!

Book was black and white photocopied

easy to read and understand
