## Customer Reviews

When I started working in this workbook I had found that chapters 1 - 6 have already been completed. Unfortunately I need the workbook now and don't have time to send it back for a new one. I am able to erase the chapters done in pencil which is a pain in the butt, the chapters done in red ink, I guess I'm out of luck. A word of advice ~ check your workbooks to make sure they have not been used before sending them out.

listed as usable, but was completely filled out workbook by previous owner. worthless as a workbook

not what I was looking for in an inservice book

Great
