## Series List - Wilbur Smith - In Order: Novels And Books

## Synopsis

This is a quick-reference title list for your kindle or kindle app to help you easily list Wilbur Smith's novels and books in series reading order. You can pop open the list right from your kindle book list. You don't have to navigate the browser on the device or logon to your PC or laptop or have a printed list lying around to find out which of the authors books to read next. The works are listed in series chronological order, as quite often they reference characters and places in previous novels and stories. Hopefully you have the Kindle Unlimited subscription and can download it for free. If not, a dollar is a small price to pay for the convenience of this book. TIP: Titles you've read can be "checked off" with the kindle highlight feature. TIP: Turn on Automatic Updates so that this list updates on your kindle when new titles are added. Just to avoid any misunderstandings about copyright, according to the United States Copyright Office, "Copyright law does not protect names, titles, or short phrases or expressions." (copyright.gov, circular 34). I hope you find this made-for-kindle list as helpful as I do in deciding which of the author's books to purchase and enjoy next. The K-Man

## Customer Reviews

First this put his books in good order except you left out "The Blue Horizon" or I have a blind spot. I have read it about five times and listen on Kindle audio books about 5 times. I have at least one of his books in first edition. So I looked for "The Blue Horizon". After this correction I would like to receive a new list from Kindle.McNeil Johnson

Stupidest thing I have ever purchase. It is only a listing of the Wilbur Smith's books I could have read in the front of any of his books. A total rip-off.

Wilbur's books are the best! I needed this before I started reading them. They help you keep stories and people in order but individual stories can stand by themselves. A TRUELY GIFTED WRITER!

Thought I would see interactive checklist and chronological order with new preorders. Waste of \$.99! Oh well, now must add five words!
