Customer Reviews

I love this series and look forward to each book. I hope the series never ends. I feel like I know each and every character. I am always disappointed when I get to the end of the book and have to wait for another one to come out. I will have to explore more books by this author. :) :) :)

Hope this is the first book in the series.I was hooked immediately.This is a lighthearted, whimsical, short bit of entertainment.I've read the first 8 in series and am waiting eagerly for Book 9.

Great reads, fun, exciting and always funny! This ensemble is really great together. I strongly recommend! I don't talk about the books in a review because I don't want to give anything away. Fun, quick reads!

These stories are always so entertaining. The addition of Ma Chivers and her rivalry with Grandma promises to be a hilarious story line. I hope Jill can make up her mind between Maxwell and Drake soon. Can't wait for more!

Love love love this series. I can't wait for the next book. I find my self so into the book that I laugh and get mad out loud. Sometimes I wish she could tell her sister about her magic cause maybe then she wouldn't be so snarky. Recommend this whole series

Although the story is somewhat predictable, the characters and the plot continue to evolve to compel you to keep reading to find out what is happening and why. Each book in this series builds toward the plot's main objective which is who is The Dark One and why is he targeting our main character, Jill. I like the story and the light sexual tension that has built over the course of the series. Who is Jill really interested in and who is really interested in Jill? Will Jill learn enough to become a Level 6 witch fast enough to thwart those who are plotting against her?

Jill finally seems to have the confidence that she was lacking in the beginning of this series. She is more interested in casting and perfecting her spells,inspite of her grandmother's lack of praise . I like how her character is progressing and still wondering if she will ever get one of those sexy men as a boyfriend lol. I think Winky the sassy snarky talking cat could easily have his own series..I love him.lol

At first this series was charming. It was really cute. But here I am several books in the all the characters are wimps, enormous bullies, and/or dingleberries. No one ever grows in these books. Each book is exactly the same. I had so much hope for this series but nothing ever changes. No. One. Grows.We get it! You don't like your cookies to mix, your niece took your Beanie Babies and made them freaky, and you let people push you around. Well, this is me pushing you away. Far away. I'm done.
